

Our doors are much more than a functional, basic element of the living space. Our beautifully crafted doors are one of the highest quality among its kind. They are also easy to clean, heat and sound proof.

In our sector, we have one of the biggest production capacities in the world. Our production is environmentally friendly and we possess highest international standard. We are proud to be one of the world's preferred brands in our category.

VarioDor brings the whole world to your home through its rich collection that pleases even the most fastidious taste.

CORALLO

CORALLO

**DARK
TEAK**

A tall, narrow door with a dark brown frame. The door features a large glass panel that is mostly frosted, with a clear vertical strip on the right side. A dark brown vertical strip runs down the right edge of the glass. On the right side, there is a handle and a lock mechanism. The door is set against a white background.
